

Jaya Priya Bharathy

GIS & Spatial Analyst

📁 Employment History

GIS Developer at TechMahindra

🎓 Education

M.E RemoteSensing and Geomatics, Anna University, Chennai

August 2018 — May 2020

Ramco Institute of Technology

B.E Civil Engineering, Ramco Institute of Technology

August 2013 — May 2017

⚙️ Courses

python, greate learning

interior designing, udemy

Emerging trends in GNSS Meteorology, SAC ISRO

👥 Internships

LiDAR data Handling at Sakura

Steel designs at Dream Home Construction

★ Projects

B.E-Civil Engineering

Main project – Creating an Android Application for Water Estimation of Agricultural Crops.

Mini project – Design of Airport Terminal Building and Town Planning.

M.E-Remote Sensing and Geomatics

Main project- Spatial coherence of significant wave height and wind speed over Arabian sea and the bay of Bengal using along track altimetry (completed my project at IRSO, Shadnagar under the guidance of SCIENTIST.HAREEF BABASHAEIB).

★ ACHIEVEMENTS

- Attained the esteemed 2nd prize, valued at Rs. 50,000, in the nationally acclaimed "Abdul Kalam Innovation 2017" competition, for pioneering the development of an Android application tailored to optimize agricultural crop management.
- Secured the coveted 1st prize, amounting to Rs. 6000, for the groundbreaking project titled "Creating an Android Application for Water Estimation of Agricultural Crops" on the auspicious occasion of National Science Day.
- Garnered recognition with a 2nd prize accolade for the innovative project "Town Planning" during the commemoration of National Science Day.
- Acknowledged for excellence with a prestigious certificate in the "National Design Competition" (AutoCAD) in the year 2015.
