👤 PROFILE

Seeking a dynamic role within an organization that champions a culture of empowerment and innovation, where I can seamlessly integrate my capabilities to drive initiatives aligned with the company's vision. Eager to engage in strategic endeavors, I aim to make substantial contributions towards organizational objectives while nurturing my own professional evolution.

💼 PROFESSIONAL EXPERIENCE

Matrix Business Private Limited

Executive EBGC operation

2019 – 2020 | chennai, India

- Conduct thorough verification of prospective candidates' employment details, encompassing educational background, residential address, and criminal records, ensuring compliance with client and organizational standards.
- Establish and maintain effective communication channels with clients to understand and address their specific verification requirements through written and verbal correspondence.
- Provide timely and precise resolution to client inquiries related to background verification, offering expert guidance and support to address queries effectively, thereby enhancing client satisfaction and trust in the services.

📁 PROJECTS

Development of Registration form

- Developed a user-friendly registration form utilizing Tkinter, a Python GUI toolkit, to streamline data collection processes. Integrated the form with an SQL database to securely store and manage user information efficiently.

Development of Enquiry form for collecting user details during enrollment in course

- Successfully designed and implemented an enquiry form using Django framework, enabling streamlined data collection and management. Integrated the form with a SQLite database, ensuring efficient storage and retrieval of user information.
