- Was assigned to prepare different map layouts for a region(Tungabhadra river)

Tools used: Arcgis and Google earth.

WORKSHOPS AND TRAININGS

CEG TECH FORUM

Sept2022

- Attended a workshop on Blockchain Technology conducted by IBM.

ISRO-INDIAN SPACE RESEARCH ORGANISATION

July2023

- Attended an interactive session with ISRO scientists.

UTAH VALLEY-TRAINING SESSION

June2023

- Attended an interactive session on SUSTAINABLE DEVELOPMENT

RESEARCH PROJECTS

Geospatial Analysis of Cropping pattern, Cropping Intensity, and Mapping of cropland using geospatial technology

Jan2024-present

- This project leverages geospatial technology to analyze cropping patterns and intensity, mapping cropland for insights into agricultural practices. By integrating remote sensing data and Geographic Information Systems (GIS), it provides detailed maps and spatial models for informed decision-making in sustainable agriculture and land management.

Tools used: Machine learning, ErDAS, Qgis , ArcGIS, MSOffice

Assessment of water quality in Ashtamudi Lake in the Wake of Covid-19 using geospatial technology

Jul2023-Dec2023

- The Suspended Particulate Matter concentrations has been calculated over the lake by using an empirical algorithm for Pre, During and Post Covid,then the root cause for the area which is having higher concentrations will be analysed , suitable solutions for the problem will be given and Map will becreated.

Tools used: ErDAS, ENVI+idl , SNAP, ArcGIS, MSOffice
