PROFESSIONAL SUMMARY

Aspiring GIS professional with a solid foundation in GIS concepts, spatial analysis, and remote sensing techniques. Completed 4-month internships, gaining hands-on experience in GIS data processing, map creation, and spatial data management. Proficient in GIS software such as ArcGIS and QGIS, with strong analytical and problem-solving skills. Eager to apply knowledge and contribute effectively to innovative GIS projects in a dynamic environment.

ACADEMIC BACKGROUND

Bharathidasan University

Tiruchirappalli, Tamil Nadu, India

Master of Science; GPA: 7.4

July 2023 - April 2025

Government Arts College

Coimbatore, Tamil Nadu, India

Bachelor of Science; GPA: 7.6

September 2020 - May 2023

SKILLS & TECHNICAL PROFICIENCY

- GIS Software Expertise
 - Spatial Data Analysis
 - Remote Sensing & Image Processing
 - Python for GIS Automation
 - Spatial Database Management
 - GPS & Field Data Collection
 - Spatial Modelling & Geostatistics
 - Cartography & Map Design
-

SOFTWARES & PLATFORMS

- ArcGIS Suite
 - QGIS
 - ENVI
 - Google Earth Engine
 - Google Earth Pro
 - GRASS GIS
 - Microsoft Excel & Power BI
 - AI/ML for GIS
-

WORK EXPERIENCE

GIS Intern | The Gandhigram Rural Institute, Dindigul |

May 2024 - June 2024

- Spatio-Temporal Analysis of Multi Drought Severity Index Using Geospatial Technologies in Perambalur District, Tamil Nadu, India

GIS Intern | TWAD Board, Coimbatore |

October 2022 - November 2022

- Analysis of UGD, bore wells and tap connections in Ward 44 of Coimbatore City Municipal Corporation, Tamil Nadu, India
-

RESEARCH WORKS

1. Google Earth Engine Based Forest Fire Susceptibility Mapping in Nilgiris District, Tamil Nadu Using Fuzzy Analytic Hierarchy Process
2. Identifying Optimal Sites for Blood Banks in Tiruchirappalli City, Tamil Nadu Using Multi-Influencing Factor Method
3. Groundwater Potential Zones Mapping Using Analytic Hierarchy Process and GIS for Arjunanadhi Sub-Basin of Vaippar Basin, Tamil Nadu

PROJECTS

M.Sc. Major Dissertation | Bharathidasan University | **January 2025 - April 2025**

- GIS-Based Landslide Susceptibility Mapping in Nilgiris District, Tamil Nadu Using Analytic Hierarchy Process

B.Sc. Major Dissertation | Government Arts College | **January 2023 - May 2023**

- An Analysis of Tourism Industry in Coimbatore District, Tamil Nadu
-

Fundamentals of Geology SWAYAM	October 2024

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- i. Workshop on Use of Python in Geospatial Applications | **Revomap Solutions** | **April 2025**
 - ii. National Conference on Geoinformatics 2.0: Harnessing Emerging Technologies for Real-world Applications (GEOHETRA 2.0) | **The Gandhigram Rural Institute – Deemed to be University** | **April 2025**
 - iii. GeoVista 2025 - Geographical Visualization: Trends and Applications, a National Conference | **Central University of Tamil Nadu** | **March 2025**
 - iv. Post Seminar Workshop on Familiarisation of Open-Source GIS Software | **Bharathidasan University** | **February 2025**
-
