🖥️ CAREER OBJECTIVE

To work in an environment which is encourages me to succeed and grow professionally where I can utilise my skills and knowledge opportunity .

⚙️ SKILLS

SQL:

*Experience in writing queries for SQL while attending and executing in Training class (QSPIRDER institution)

* RDBMS concept (constraints, normalization,table etc)

*SQL concept (grouping,sub queries, functions etc.)

* SQL joins(inner and outer joins)

JAVA:

*Experience in writing program for java while attending and executing in Training class(QSPIRDER institution)

*oops concepts (method overloading and method overriding)

*typecasting and datatype

*Array and String

WEB-TECH:

*HTML(HTML tags,List,tables, attributes,form)

*CSS(properties,box model,selectors)

🎓 EDUCATION

University College of engineering Ariyalur 2022
B.E(CSE)
7.6

Jayam Matric Hr.Sec school 2018
HSC
74

Jayam Matric Hr.Sec School 2016

QSPIRDER institution October 2022-
Full stack development May2023

📁 PROJECTS

SIGN LANGUAGE RECONGITION

Language of implementation: python

- Vision based sign language recongition system using convolution neural network (CNN) is proposed that an efficiently and accurately recongize the American sign language (ASL) alphabet

RESULT:

- The dataset contain 26 different signs of the English alphabet.
- It can continuously predict real-time signs and display the corresponding letter on the screen.

🏆 ACHIEVEMENTS & AWARDS

National Sports Organization (NSO)

☀️ PERSONAL TRAITS

- *Hardwork
- *Quick learner
- *critical thinking
- *discipline person

☀️ INTERNSHIP

- Internship Training program in python
- workshop on IT Application organized
- data science using python

☀️ HOBBIES

- cooking
- yoga
