

Phone  
**8610620749**

Address  
**Perambalur, Tamilnadu**

## CONTACT

✉ aathithrayan28@gmail.com

## OBJECTIVE

Applying for a GIS Engineer

## LANGUAGE

- English
- Tamil

## EDUCATION

**Nov 2020 - June 2024**     **BE - Geo Informatics Engineering**  
Anna University Regional Campus Tirunelveli

## SOFTWARE SKILLS

Arc Map

ENVI

Q GIS

Terrset

## GEO TECHNICAL SKILLS

Basic cartography techniques

1. Geo referencing
2. Onscreen digitization
3. Map compilation & Map design
4. Coordinate transformation of a Map
5. Map conversation (Raster-Vector)

Spatial Analysis techniques

1. Arithmetic operations and vector overlay process
2. Surface analysis - Slope, Aspect, Contour
- Network Analysis - Short Route Analysis, Closest facility, Service Area
3. Proximity Analysis
4. Digitization in Google Earth
5. Data conversion - Google Earth Engine

Satellite Image Processing

1. Land Use & Land cover Mapping
2. Disaster Mapping
3. Urban Area development
4. Soil moisture and Erosion Mapping
5. Interpolation and Resampling
6. Spatial Filtering
7. Principle Component Analysis
8. NDVI, SAVI, NDWI
9. Land Surface Temperature Mapping
10. Microwave remote sensing data processing

## WORK EXPERIENCE

**June 2023 - Aug 2023**     **Student Intern**  
Bharadhidhasan University Tiruchirapalli

**Jan 2023 - March 2023**     **Student Intern**  
Pantech E-learning

## PROJECTS

**Prediction of landuse landcover using Morkov chain model - A case study of Madurai to coimbatore national Highway**

**Integrated Remote sensing and GIS techniques for quantifying soil erosion based on Revised Universal Soil Loss Equation in Uppodai Sub-basin**

**Hydrological Modelling in Kanyakumari district**

**Identifying agricultural land A case study of Perambalur district**

**Cyclone shelter site suitability Mapping using GIS and RS technique in Kanyakumari district Tamilnadu**

**Urban Heat Island Mapping**

## **CERTIFICATES**

NASA's Applied Remote Sensing  
Training(ARSET) Program for " Biodiversity Applications for Airborne Imaging  
Systems March 2023

NASA's Applied Remote Sensing  
Training(ARSET) Program for " Crop Mapping using Synthetic Aperture Radar and  
Optical Remote sensing" April 2023

VIRTUAL INTERNSHIP - PYTHON  
PROGRAMMING @NAAN MUDHALVAN and Pantech E learning Jan-Mar 2023

IIT Bombay FOSSEE Mapathon 2023 –  
Notable Participant.

### IIRS ONLINE COURSES

RS and GIS application in Atmospheric And  
Oceanic Hazards,  
Geospatial Modelling Driven Using Hazard  
And Risk Analysis

### Webinar

- 1."Satellite data ordering - Bhoonidhi
- 2."Application of Geomatics in Urban disasters" - Indian Institute of Remote  
Sensing
