ABOUT ME

Highly organized and detail-oriented Geoinformatics professional with expertise in remote sensing, GIS and spatial data analysis. Skilled in integrating geospatial technologies to solve real-world problems, by leveraging cutting-edge tools for innovative geospatial solutions.

SOFTWARE SKILLS

ArcGIS Desktop

ArcGIS Pro

Google Earth Pro

Erdas Imagine

QGIS

SNAP

eCognition

Agisoft Metashape

AutoCAD Map 3D

Mission Planner

Geosetter

MS Office

Languages

English, Bengali, Hindi

Programming Languages

Python (Beginner), SQL

EXPERIENCE

GIS Analyst: Navkrsh Technology, Survey of India, Chandigarh - 160030

Trainee GIS Executive: Stesalit Systems Limited, Kolkata - 700091

Projects: Agartala master plan, Odisha master plan

Role: Extensive spatial data analysis, base layer preparation from satellite images in ArcGIS, attribute updation and topology checking.

PROJECT

Drone Survey of Jadavpur University

Software: Trimble Access, Trimble RTX, Trimble Buisness Center, Agisoft Metashape Professional, Erdas Imagine, ArcGIS Desktop, ArcGIS Pro, Google Earth Pro, eCognition, MS Office

Instrument: Trimble R8SLT (Base and Rover), TSC3 (Controller)

UAV: DJI Mavic 3T Enterprise

Role: Drone Image Processing

EDUCATION

PG
Diploma

- Applied Geoinformatics, *Jadavpur University*, 2024
- First class with 73.93 %

B.A.

- Geography (Honours), *University of Calcutta*, 2022
- First class with 72 %

H.S.

- *Bireswar Balika Vidyalaya, Udaynarayanpur, West Bengal*, 2019
- First class with 86 %

MOOCs (ESRI)

GIS for Climate Action, December 2023

Going Places with Spatial Analysis, March 2024
