FRESHER

TECHNICAL & SPATIAL SKILLS

- SQL
- Basics of JAVA
- ArcGIS
- QGIS
- Satellite Image Processing
- Geospatial Data Analysis
- Photogrammetry
- LiDAR
- Cartography
- Photomod
- ENVI

KNOWLEDGE

- Remote Sensing
- Map Creation
- Digitizing
- Image Interpretation
- GeoSpatial Data Handling
- Total Station
- Theodolite
- Dumpy Level
- Microsoft Excel
- Data warehousing

STRENGTHS

- Problem Solving
- Leadership
- Active Listener
- Creativity
- Effective Communication
- Teamwork Skills
- Enthusiasm
- Strong work Ethics

PERSONAL DETAILS

Lauguages : English, Tamil
DOB : 12-04-2002
Nationality : Indian

SUMMARY

“Motivated and detail-oriented recent graduate with a degree in Geo-informatics seeking an entry-level software developer position at a dynamic technology company where I can utilize my skills in problem solving to contribute to development of innovative things”.

PROJECT EXPERIENCE :

Microwave D-InSAR Technique for Assessment and Monitoring of Surface Subsidence.

This study detects the current situation of land subsidence in Joshimath, Uttarkhand by the application of D-InSAR(Differential interferometry Synthetic Aperature Radar) technique to Sentinel-1, Side Looking Complex(SLC) data along with the GIS mapping.

INTERNSHIP

Attended four weeks of Internship on “GeoSpatial Mapping of Landuse Changes and Urban-Sprawl Detection using QGIS, ArcGIS” in Earth Environment Landscape Architect, Engineering Consultancy Services.

EDUCATION

Anna University Regional Campus Tirunelveli 2019 - 2023
B.E Geoinformatics
CGPA : 7.8

RoseMary Matriculation Higher Secondary School 2017 - 2019
HSC
Percentage : 79%

RoseMary Matriculation Higher Secondary School 2016 - 2017
SSLC
Percentage : 91%

CERTIFICATION COURSES

- Successfully completed 3 months course “Data Analytics” in **Coursera**.
- Currently doing course “**JAVA Full Stack**” in Jspider

WORKSHOP

- Two days workshop on “Basics of Python Programming” conducted by DR.C.V.Raman University Kota Bilaspur by Department of Computer Scxience of Engineering.
- Paper Presenttion in “Remote Sensing & its applications” in Scilang 2k20, aday National Level Symposium conducted by University V.O.C.College of Engineering.
